The 24th IEEE/WIC International Conference on Web Intelligence and Intelligent Agent Technology (WI-IAT 2025)
15 - 18 November 2025, London - United Kingdom
WI = Artificial Intelligence in the Connected World

The International Workshop on Multi-information Fusion

Introduction

The Multi-Information Fusion workshop aims to bring together experts from diverse fields, including economy, architecture, medicine, art, engineering, and more, to explore the potential of Artificial Intelligence (AI) techniques in bridging the gap between these areas. The workshop will focus on leveraging the latest AI advancements, such as large language models, to tackle complex problems and improve existing practices in each domain. Furthermore, it will explore the benefits of multimodal information fusion, combining text, video, audio, and other data types to create innovative solutions. By fostering interdisciplinary collaboration and knowledge sharing, this workshop seeks to inspire novel applications of AI and multimodal information fusion, ultimately driving progress and innovation in various fields.

Topics of Interest:

- Multimodal Information Processing
- Information Fusion
- Information Retrieval
- Information Evaluation
- Domain-specific Information Analysis
- Domain-specific AI Applications
- Domain Transfer Adaptation
- Personalized Systems

Important Dates:

- Submission deadline: 30th July 2025
- Review deadline: 15 August 2025
- Acceptance deadline: 30 August 2025
- Camera-ready: 20th September 2025
- Program ready:15th November 2025

Submission Information:

We invite submissions that are one-page abstracts, short (4 pages)/full (8 pages) papers, case studies, surveys, and technical papers for The International Workshop on Multi-information Fusion.

Journal Opportunities:

Accepted papers from this workshop can be invited to publish an extended version in a special issue of:

- The Web Intelligence Journal
    - https://www.iospress.com/catalog/journals/web-intelligence
- The Natural Language Processing Journal
    - https://www.sciencedirect.com/journal/natural-language-processing-journal

Workshop Chair:

Yizheng Huang, York University, Canada.

Should you have any questions or concerns, please do not hesitate to email to:
hyz@yorku.ca.
Thanks!
